# DAWES DEFENDS SALE OF WAR SUPPLIES

## TELLS COMMITTEE IT WAS BIG JOB AND THEY WERE PROUD OF WORK

### Witness Says England Lost Billions By Not Selling When United States Did--Too Many Pink Tea Diplomats Were Rotten Failures.

(By The Associated Press)

WASHINGTON, Feb. 2.—Declaring he was not in politics and was not going in, Charles G. Dawes of Chicago, former chief of supply procurement for the American army in France, bitterly attacked today what he charged were political attempts to discredit the achievements of the people who won the war.

At times the air was thick with a streak of oath for which the witness frankly confessed he had neither apology nor excuse.

Late in the day, he reiterated an earlier offhand statement as to his own part in politics, which was accepted to mean that he would not become a member of Mr. Harding's cabinet, a position with which his name has been linked.

Mr. Dawes was called by Democratic members of the committee to rebut testimony relating to waste and extravagance and particularly with reference to liquidation of American accounts in France and sale of surplus stocks to the French government.

Answering charges that food and clothing supplies might have brought more than the $400,000,000 paid by France, Mr. Dawes flared sharply upon one of his questioners, Representative Bland, Republican, of Indiana and shouted:

**England Lost Billions**

"It is just that sort of fool argument that forced Great Britain to hold on to its stocks and attempt to drive a hard bargain. The stuff is there today, rotting. You cannot discuss an ex-parte question three thousand miles away. There is no use to try and throw mud when you were not there to know conditions. England lost billions of dollars by listening to that sort of talk—listening to a lot of people who were afraid of muck rakers at home. They are raising the devil in England now because England did not sell its supplies when we sold."

Mr. Dawes said as a matter of fact he thought France was harsed too much.

"Here you come now and charge," he said, "that we should have sold sugar. The war department ordered the sale. The sugar went in a lump lot with the pork. Everything was second hand. We got four hundred million dollars for it. We liquidated every account, and we did it because a lot of big men quit their jobs and went over there to help. We cleaned the slate and congress today still has pending claims that date back to the revoluntionary war. It was a big job and we are proud of it. In finding fault and hunting responsibility you don't have far to go. Pershing was the commander-in-chief and his shoulders are big enough, thank God, to bear it.'

Mr. Bland questioned Mr. Dawes about excessive prices paid for equipment and material.

**Didn't Stop to Dicker.**

"Sure we paid,' he said, "we didn't stop to dicker. Why, man alive, we had to win the war. It was a man's job. We would have paid horse prices for sheep, if the sheep could have pulled artillery to the front. The man like Johnson, there," he said, turning to the chairman of the committee "was standing at the front to be shot at. We had to get him food and ammunition. Oh, its all right now to say we bought too much vinegar and too many old chisels, but we saved the civilization of the world."

Quite a lot of the questioning related to Great Britain.

"I am no more ashamed to stand up here for England than for the United States," said Mr. Dawes, jumping from his chair and racing around the little committee room. "It seems to be fashionable in American politics to attack England. I am not in politics and I am not going to be. And I thank God that in a crisis like we had there were no bickerings between the English speaking people. England took over forty per cent of our troops. Of course Pershing gave them five divisions, but it had to be done to save the allied line."

## LATIN-AMERICAN DIPLOMATIC CORPS WELCOMES COLBY

### Ambassadors Believe That Much Good Will Result

### UNITED STATES IS AN OPEN BOOK

(By The Associated Press)

WASHINGTON, Feb. 2—The Latin-American diplomatic corps formally welcomed home today Bainbridge Colby, secretary of state, who returned last week from Brazil, Uruguay and Argentina.

In addresses at the Pan-American Union the ambassadors from those countries told the secretary how much they thought his trip had done to cement the friendship of those republics for the United States.

In replying Secretary Colby related his experiences in South America and dwelt at length on mutual benefits to be expected from the cultivation of the Pan-American spirit.

Beltran Mathieu, the Chilean ambassador, referring to Mr. Colby's addresses to the citizen's of Buenos Aires, Montevedeo, and Rio de Janeiro, Ambassador Mathieu said:

"In speaking of them you have spoken to all America which has echoed your words, tending to fortify American solidarity for peace necessary today more than ever before—the peace that will execute the work of reconstruction and save the world from a return to barbarism." Latin-America, he added, does not misunderstand the United States.

"If the United States in this abnormal and somewhat confused international situation may appear to some an enigma," he said, "for us of the American continent this great country is an open book from whose pages we draw inspiration and increasing confidence."

### PESEK NOT AFRAID OF LEWIS HEADLOCK

Kansas City, Mo., Feb. 2.—Ed "Strangler" Lewis, champion wrestler, was matched today to meet John Pesek of Nebraska here in a two-out-of-three-fall match Feb. 17, according to a local promoter.

Lewis refused to meet Pesek if the headlock was barred and Pesek declared Lewis' famous hold held no fears for him, the promoter said.

### CHARGED WITH ARSON AND MURDER

Shreveport, La., Feb. 2.—Charged with murder and arson in connection with the burning of the Royal Hotel at England, Ark., Jan. 7, when seven persons lost their lives and several others were seriously burned, C. H. Smith was arrested at Houston La., near Shreveport, today.

## NORMAL STATE IS BEING REACHED BY FARMERS SAYS DEAN

### University Head Says First Wave of Resentment Passes

### GETTING READY TO WORK AS USUAL

(By The Associated Press)

EAST LANSING, Mich., Feb. 2.—Declaring the first wave of resentment on the part of farmers because of lower prices had spent itself, Dean Eugene Davenport of the University of Illinois, speaking here late today at a general meeting in connection with Farmers' Week, asserted agriculturists were settling to a state of mind "both safe and sane."

"Most of the foolish talk about retaliation, coercion and starving the world has subsided and the farmers are approaching the next planting season with a remarkable understanding of the situation," he said. "All things considered it appears that the country as a whole including the farmers has passed thru within six months what required several years of readjustment following the Civil war. It is safe to assume that we shall be found doing business on the American farms much as before, with certain notable attempts at improvement.

**Must Have System of Credit**

"Agriculture must have a system of credit adapted to its needs. It cannot use the current sixty-day commercial paper. Farming in general represents an enormous capacity and the business as a whole ranks with banking and the larger enterprises in manufacture and trade.

"American agriculture must compete with the hoe man of Europe and half clad man of India, who lives upon one meal a day and even with the starving millions of China whom we are now feeding as a humanitarian duty. We have learned that a country may export food even tho that country is starving. We have reached the time when thousands of American farmers are college bred. They will attack this problem and questions of marketing, credit, transportation and national and international relations will be worked out by farmers' organizations."

Dean Davenport advocated federal aid in agricultural experimental work.

### MAINE BECOMES WINTER RESORT

(By The Associated Press)

PORTLAND, Me., Feb. 2—Maine residents who went south to escape the rigors of a New England winter, may be interested in Maine's reports that grasshoppers are being caught in the state. Another correspondent tells of a fruit tree branch on which buds had begun to open.

In contrast with last winter, when seven feet of snow fell within as many weeks, the weather bureau reports show a total snowfall of two inches in January this year and an aggregate temperature more than 300 degrees warmer than last January.

### AMERICAN OFFICERS MARRIES FRENCH GIRL

Coblenz, Feb. 2.—The marriage of Lieutenant Henry T. Allen, son of Brigadier General Allen, commander-in-chief of the American occupational force to Mlle. Juiette de Sousy is announced for Feb. 8, at the Chateau Gevrole, Montigny-Sur-Aube in the Cote de Ore.

General and Mrs. Allen and a number of the American officers on the Rhine will attend the wedding.

### ONTARIO CAR MEN REFUSE TO ACCEPT CUT

Fort William, Ont., Feb. 2.—Between 700 and 800 men employed by the Canadian Car and Foundry company today walked out after the company's announcement of a ten per cent reduction in piece rates. The company claimed it was losing money on car orders and that until the reductions in wages are accepted the plant will have to close.

## *Fight to Reduce Army Officers*

(By The Associated Press)

WASHINGTON, Feb. 2.—A fight to reduce the number of commissioned officers in the army came to the surface in the house late today during consideration of the army appropriaion bill. Representative Field, Democrat, Kentucky offered an amendment to cut the commissioned personnel by one third and to reduce the appropriation for their pay from $42,000,000 as recommended by the committee to $30,000,000. Representative McKenzie, Republican, Illinois, opposed the amendment declaring it would strike a body blow at military perparedness. The house had not acted on the amendment when it recessed until tomorrow.

Advocating the combination of the air branches of the army and navy under one head Representative Mann, Republican, Illinois said that the United States with intelligent efforts could so develop her air service as to control the air in any future war.

Representative Huddleston, Alabama, denounced what he called the "luring of immature boys from their mothers apron strings by recruiting sergeants," while Representative Knutson, Republican, Minnesota, said the was department was "using unfair methods" in obtaining enlistments by "highly colored lithographs."

## SENATE PUSHES ALL LEGISLATION ASIDE FOR TARIFF MEASURE

### The Gates Are Opened and Flood of Oratory Pours Forth

### SENATOR WILLIAMS FORNINST EVERYTHING

(By The Associated Press)

WASHINGTON, Feb. 2.—Shoving aside all pending legislation including a dozen big appropriation bills the senate voted today to continue consideration of the Fordney emergency tariff bill. The gates were opened wide for a flood of oratory when a petition for the use of cloture in the tariff debate was voted down( 36 to 35, mustering far less than the necessary two thirds majority. As it now stands the emergency tariff measure has precedence over all business except during the "morning hour" of sessions from 12 to 2 o'clock. Both Senator Penrose of Pennsylvania and McCumber of North Dakota, Republicans insist that a note must be had on the legislation which they claim will save the farmer from bankruptcy.

At the outset today Mr. McCumber asked "all agree to vote on the bill Feb. 15. His motion was lost. Then the cloture was tried and it failed. Senator Simmons, Democrat, North Carlonina, countered the Republican move with a proposition to vote on Feb. 18 and Mr. Penrose tried to prevail upon his opponent to set an earlier date for fear of a pocket veto by the president.

**Is Against Everything.**

Senator Williams, Democrat, Mississippi, however, destroyed all hopes by announcing he would object to any unanimous consent "on anything at anytime.'

Senator Townsend, Republican, Michigan, called for consideration of the post office appropriation bill and there were demands for a vote in motion. It was defeated. There followd an hour of debate unusual in the senate, senators clashed in efforts to obtain recognition. Many wanted to make their position clear both with reference to the bill and to the cloture resolution. resolution.

Senator Johnson, Republican, launched a bitter attack on cloture and assailed all who favored it. After the vote Mr. Penrose took up claims that the tariff bill would mean the failure of appropriation bills at this session. He voiced the opinion that "we shall have better appropriation bills if some of them do fail."

The senate recessed as had been the procedure during the consideration of the Fordney measure in order that the bill would remain as unfinished business tomorrow.

### ILLINOIS MAN DIES IN CALIFORNIA

San Francisco, Feb. 2.—John Latham, 69, said to be a wealthy retired farmer of Green Valley, Ill. died suddenly today while crossing the bay from Oakland to this city on a ferry boat.

### CANE SUGAR GOES DOWN IN CALIFORNIA

San Francisco, Calif., Feb. 2.—Refined cane sugar was reduced from $7.75 to $7.25 a hundred weight at local refineries today, making the lowest level since October, 1917.

## PERSHING WARNS AGAINST FOSTERING SPIRIT OF PACIFISM

### U. S. Should Continue Army and Navy Policies

### OPPOSE DELAY OF SIX MONTHS

(By The Associated Press)

WASHINGTON, Feb. 2.—Congress discussed disarmament today but went ahead with consideration of large appropriations for the army and navy and incidentally received the views of President-elect Harding on the nation's future military policy.

Chairman Kahn of the military committee told the house that he had been informed by Mr. Harding at a recent conference that the president-elect favored a regular army of 175,000 men for the present and also legislation providing for the voluntary military training of 150,000 men annually.

Before the house met, its naval committee received from General Pershing a warning against fostering a national spirit of pacifism and unpreparedness. This warning tempered the general's approval of a world disarmament conference and was accompanied by a declaration that until all the world powers had agreed on a disarmament policy it would be "unwise and unsafe" for the United States to discontinue carrying out its army and navy policies.

**Receives Navy Bill.**

Preceding debate on the army bill the house received from the appropriations committee the annual naval bill with its provisions for continuing work on 17 superdreadnaughts and batlle cruisers and other craft. At the same time Senator Gary of Rhode Island, a Democratic member of the naval committee broke into the tariff debate to oppose Senator Borah's resolution to halt work on these ships for six months while experts decided what type of craft was the best in the line of lessons learned from the world war.

The Rhode Island senator, denying that the war had demonstrated that the battleship was no longer the vital unit of the fleet declared that it would be essential in any future war. The senator said that he could understand why there might be propaganda by the British against the construction of major ships intimating that it would be to their advantage to discourage the construction of such craft by other nations whose naval strength was approaching their own.

## MISSOURI BANK ROBBERS CAPTURED

### Men Who are Said to Have Robbed Bank at Quillin Captured Near Popular Bluff—One Former Deputy Sheriff

(By The Associated Press)

Poplar Bluff, Mo., Feb. 2.—Otis Brown, formerly deputy sheriff of Butler county and Rolly Nicholson, who are said to have been implicated in the bank robbery at Quilin this afternoon were captured near there tonight after being wounded when fired on by a posse.

Brown's condition is believed serious.

Members of the posse said they fired when the men refused to surrender. A third man escaped, it was said. Brown and Nicholson were brought here following their capture. Neither would discuss the robbery. No money was found in their possession and the posse is continuing the search for the other man who is thought to have the money obtained in the theft.

**Lock Men in Vault**

Quilin, Mo., Feb. 2.—The Bank of Quilin was held up shortly after 3 o'clock this afternoon by two armed men who escaped with $3,000 in cash, after locking assistant Cashier Irvin Walter, Deputy Sheriff C. W. Yates and a patron of the bank in the vault.

The three men were the only occupants of the bank when the bandits entered with drawn revolvers.

They forced Walter to unlock a chest which contained the money, then imprisoned the trio and made their escape on horses which Yates and another man had left standing in front of the bank.

Nearly a half hour elapsed before Walter, with the aid of a screw driver which was in the vault, succeeded in removing the combination and effecting the release of himself and his companions. An alarm was immediately sent out thru the surrounding country and a posse started in pursuit of the bandits.

## *Little Chance Of Annexation*

(By The Associated Press)

MADISON, Wis., Feb. 2.—"There is possibly one chance in ten, probably less," that the people of Michigan will ever consent to the annexation of the upper peninsula by Wisconsin, Joseph Schaffer, superintendent of the Wisconsin State Historical Society told the assembly committee on state affairs today.

Mr. Schaffer appeared as a witness for Assemblyman Higgins' resolution inviting the people of Michigan to surrender the 13 counties of the peninsula to Wisconsin. He said the peninsula was naturally and historically a part of this state and that the continental congress intended it should be, but that a map maker's error back in 1755 precipitated a chain of misunderstandings which culminated in 1835 in a threatened war between Michigan and Ohio.

To settle this dispute involving the present site of Toledo and the southern shore of Lake Erie, congress gave the contested ground to Ohio and recompensed Michigan with the gift of the peninsula despite Michigan's protests. The committee continued the hearing for a week to permit Mr. Higgins time to produce more witnesses.

## QUALIFIED APPROVAL GIVEN BY GARFIELD OF CALDER MEASURE

### Suggests a Modification of Clause on Price Fixing

### SAYS OLD LAWS ARE OBSOLETE

(By The Associated Press)

WASHINGTON, Feb. 2.—Qualified approval of provisions of the Calder coal regulation bill was given by Dr. Harry A. Garfield, former federal fuel administrator in testimony today before the senate manufacturers committee. Some governmental force acting in the interests of the public at large must be created eventually, for industries producing prime necessities of civilization where capital and labor are both highly organized.

Dr. Garaeid suggested, however, modification of the provision of the bill for price fixing and control of coal distribution in emergency so that these powers might be exercised only by the president acting thru a cabinet member.

Proposals for official collection and publication of production costs and selling price statistics in the industry, Dr. Garfield said he heartily favored. He also suggested definite amendment to accomplish the results advocated.

**Old Laws Obselete.**

"With the creation of the efficient modern corporation and the growth of labor organizations in certain industries the old laws of trade which used to apply for the protection of the public no longer fulfill their function." Dr. Garfield said. "These new and powerful organizations upset theories which Adam Smith enunciated so many eyars ago and which are the basis of modern ideas of political economy.

"Somewhere, lest organized capital or organized labor shall seek and obtain more than its fair share, the government must stand ready to step in as a public duty to say: 'Thou Shalt Not'."

Senator Reed, Democrat, of Missouri, during cross-examination, demanded if Dr. Garfield thought the power to fix wages, involved in fixing prices of coal could or should be delegated to "any one man, president or not?"

"We can better afford to do that," Dr. Garfield responded, "than to let the industry fix prices as it is doing today."

### ORDER ISSUED IN LOCAL UTILITY CASE

Springfield, Ill., Feb. 2.—The Jacksonville Railway & Light Co., was authorized by the state public utilities commission today to close its books for 1920 without adding anything to its depreciation reserve. The order requires stockholders to defray the "cost of renewals" if the present depreciation reserve is insufficient.

### LOCATE HEIR TO $1,000,000 ESTATE

Berkeley, Calif., Feb. 2.—Alfred Newsome, aged neddler, who was left an estate of nearly a million dollars by a relative in Philadelphia and for whom the police have been searching, was located today in Berkeley by the police.

Washington, Feb. 2.—A bill to appropriate $100,000,000 to furnish seed to farmers for the 1921 crops in areas where the 1920 crop was a failure, was introduced today by Senator McCumber, Republican, North Dakota.

## GERMAN TRADE WITH UNITED STATES HAS QUADRUPLED IN 1920

### Freight Traffic for 1920 Broke all Previous Records—Great Increase Shown in South America, Cuba, Germany, and Spain—Trade With England and France Declined

(By The Associated Press)

WASHINGTON, Feb. 2.—Increased freight traffic with Germany, South America, the Orient, West Indies and North America accounted in large measure for the record-breaking foreign trade of the United States in 1920.

A compilation of American exports and imports last year by countries issued today by the department of commerce shows that exports to Great Britain, France and Italy fell off sharply. Those countries however, increased their shipments to the United States as did practically all the other important nations.

American trade with the four principal South American countries—Brazil, Argentine, Chile and Uruguay—totalled approximately $1,044,000,000 as compared with $917,000,000 in 1919. American exports to those countries increased more than $100,000,000 during 1920, totalling $457,000,000 whereas imports from those countries increased only about $25,000,000, the total being $587,000,000.

**German Trade Quadruples.**

Trade with Germany during the year nearly quadrupled, aggregating $400,000,000 but fell short of that before the war. Exports to Germany reached $311,000,000 against $89,000,000 the year before and imports from that country t tailed $92,000,000 as compared with $10,000,000 the year before.

American trade with Cuba alone in 1920 exceeded $1,200,000,000, increasing nearly $500,000,000 when compared with 1919. Exports of $515,000,000 to the island republic showed an increase of $147,000,000 while imports of $721,000,000 from the republic represented an increase of $205,000,000.

Spain was the only principal European country which increased its purchase of goods in the American market, exports to that country aggregating $151,000,000 an increase of $50,000,000 over 1919. It was also the only principal European country to decrease its shipments to the United States, the total of $42,000,000 representing a decrease of about $7,000,000 as compared with 1919.

## FRANK L. SMITH IS NAMED BY SMALL AS NEW UTILITY HEAD

### Governor Announces Other Members of Board

### JULIUS JOHNSON NEW SECRETARY

(By The Associated Press)

SPRINGFIELD, Ill., Feb. 2—Illinois will have a new state public utilities commission tomorrow after the senate confirms appointments made by Governor Small at 4 o'clock this afternoon. The new commissioners are:

Frank L. Smith, Dwight, chairman; Cicero J. Lindley, Greenville; Hal W. Trouillion, Herrin; Patrick J. Moynihan, Chicago, republicans; and James F. Sullivan, Chicago, democrat. Julius Johnson of Rock Island, was appointed secretary of the commission.

Governor Small said in announcing the appointments that he believed Colonel Smith will accept the chairmanship of the commission, despite the fact that he had previously declined appointment.

**Senate Organized.**

Organization of the Senate was completed at a caucus of republican Senators this afternoon. Miss Theresa Gorman, the first woman to hold the position of Senate secretary, read her resignation after reading the list of Senate appointments headed by the name of A. G. Murray, the new secretary.

Miss Gorman has held the position pending the selection of a permanent secretary.

Immediately after the governor's appointments and Senate committeeships had been read the Senate adjourned until 10 a. m., tomorrow.

The House adjourned for the day shortly after 11 a. m.

Members of the general assembly, state officers, department heads and their wives were guests of Governor and Mrs. Small at a reception at the executive mansion tonight.

Introduction of bills was continued in both Houses this morning with 22 more in the lower House and 17 in the Senate, bringing the total number of House bills to 64 and Senate bills to 32.

St. Louis, Mo., Feb. 2.—Benny Leonard, lightweight champion, and Joe Welling of Chicago will fight an 8-round no decision bout here Feb. 24, it was announced here today.

### ACCUSED MURDERER WILL PLEAD INSANITY

Estherville, Iowa, Feb. 2.—Grant Griffin, on trial for the murder of his father, will offer insanity as a defense, it was learned today when his cross examination was completed. Witnesses were put on the stand who testified seeing Griffin in a drug store at 4 o'clock on the Sunday after the crime and that his actions were queer. Gilbert Todd testified that the manner in which Griffin once buried a child which had died in its infancy showed insanity.

## *Attempt to Dynamite American Legion Building*

ABERDEEN, Washn., Feb. 2.—An attempt to dynamite the American Legion building here, shortly after 7 o'clock tonight, was frustrated by Henry G. Lancaster, a legionnaire, who discovered the smoking fuse of a packge of dynamite planted beneath a corner of the building and stamped it out.

The packge was found to contain 28 sticks of dynamite, each with a percussion cap attached.

There were about 50 members of the American Legion in the building at the time.

The dynamite was wrapped in a newspaper and had a ten foot length of fuse attached.

Lancaster was passing the legion building when he saw a man crawling away from it.

"What's the matter?" asked Lancaster. "Nothing," the man replied and fled.

Lancaster's suspicions were aroused and his investigation brought to light the package, which he turned over to the police after extinguishing the fuse. It is believed here that the attempt is an aftermath of the Centralia Armistice day murders, when four former service men were shot down.

The municipally owned light plant of Springfield is said to have made good in a commercial way and so justified the present program of having full city ownership of utilities. But it must be admitted that, generally speaking, there is not an army of evidence to show that the average city can profitably engage in the commercial field.

Now that Henry Ford has been sued for libel for $5,000,000 by a theatrical producer he will remember with more interest than ever the difficulties he had in pressing his libel suit against the Chicago Tribune. The wealthy car manufacturer can also hope that he will fare equally as well as the Tribune in that paper's one cent verdict.

Even a federal judge with a life appointment has his troubles. Witness the case of Judge Landis, who has just been given a dignified rebuke by the supreme court, for his failure to grant a change of venue in the Berger case. Then the judge also must keep in mind the charges pending against him in congress because he remains on the bench and still serves as supreme arbiter in baseball.

The board appointed to make a survey and consider the question of standardizing the salaries of Illinoisans in public service has done well in declining to make the survey at this time. The committee spent less than $100 out of its $15,000 appropriation and rightly declares that these days of reconstruction do not offer the proper time for establishing salary standards among the thousands of state employes.

Supt. Blair has joined the ranks of those who are urging a very large increase in the state distributive fund. Some weeks ago Mr. Blair disagreed with some leaders in the state educational society and favored a fund of $10,000,000 instead of $20,000,000. Now the state department head declares that $20,000,000 will be barely enough and that if all the real educational demands of the state were met that the sum should be $40,000,000.

As has often been said, the matter of a few millions more or less doesn't startle the public mind as used to be the case.

The New York governor who declared his intention of granting no reprieves when persons have been fairly tried and sentenced to suffer the death penalty will strike a chord of sympathy with the public. This does not mean that people generally are bloodthirsty and think lightly of the taking of human life, even as punishment. It does mean that people deprecate the too frequent long delays, especially in connection with criminal cases. So many different angles of the law are some times resorted to in the effort to save persons convicted of deliberate crimes that respect for law is lessened.

It is irritating, to say the least, to read the reports that the members of the reischtag laughed when the statement was made proclaiming the indemnity fund fixed by the supreme council. To think that a defeated nation which caused losses tremendously greater than the fund now asked should refer to the demand derisively gives point to those people who cling to the view that the signing of the armistice came at too early a date—that a more crushing defeat should have been administered.

But there comes the comforting assurance that certainly the allies are in position to enforce their demands, which are lenient when the past is really taken into account, and when one considers the terrific taxation burden that the allies themselves must bear thru coming years in payment of their war debt which Germany caused.

## RECEPTION FOR SCOTT COUNTY YOUNG PEOPLE

**Newlyweds Tendered Reception Tuesday Evening — Odd Fellows and Their Families Enjoy Social — Other Scott County Items.**

Winchester, Feb. 2.—Mention was made in Tuesday's Journal of the marriage of Miss Edrie Barnett and David C. Welsh, which took place Tuesday at the M. E. parsonage. On Tuesday evening a reception was held at the home of the bride's parents, Mr. and Mrs. Smith Barnett, with about fifty guests present.

Splendid music was furnished thruout the vening and fine refreshments were served. The bride and groom were the recipients of a number of very beautiful gifts.

The guest list included Roy Barnett and family; Mr. and Mrs. Fred Elliott, Mrs. William Elliott and son, Frederick and daughter May; Otis Hamilton and family; Harry Day and family; Edward O'Donnell and family; Fred Perkins and family; Bert Smith and family; Will Carlton and family; Mrs. William Jackson and family; Clyde Warcup, Miss Grace Warcup, Ray Gibbs and sister, Lee Fletcher, Olive Clark, Leroy Gibbs, Miss Belle Kirkpatrick, Thomas Hamilton, Miss Emma Hamilton.

Mr. and Mrs. Frank Walsh of Beardstown are visiting relatives here.

Martin Hester passed away Wednesday at his home in Alsey. The funeral services will be held from the Baptist church there Friday morning, in charge of Rev F. Peak. Interment will be in Carlton cemetery.

The Odd Fellows and members of their families and friends enjoyed a social Tuesday evening at their hall. An old-fashioned spelling match was a feature of the evening. Charades furnished a part of the entertainment for the evening, and before the departing hour elegant refreshments were served.

**Roy Welsh was a visitor in Canton Tuesday and attended a T. P. A. banquet.**

## MATRIMONIAL

Seckinger-Bergner.

C. H. Seckinger of Ypsilanti, Mich., and Miss Recell Bergner, of Bluffs were united in marriage at the home of Rev. W. H. Marbach Wednesday evening. They were attended by Miss Minnie Raust and H. C. Raust. The bride is well known in the community. The groom is a teacher in his home town in Michigan.

**Hayes-Downs.**

Roy Hayes and Miss Frona Downs, both of Murrayville, were united in marriage Wednesday afternoon in this city, the ceremony being performed by Rev. T. W. Smith, pastor of Westminster church, at his home on West College avenue. The young people were unattended.

The bride is a daughter of Mr. and Mrs. John Miller of the Nortonville neighborhood, and Mr. Hayes is the son of Mr. and Mrs. John Hayes of Murrayville. Both young people are held in high esteem by all who know them, and begin their wedded life with the hearty good wishes of their friends.

Miss Florence Ward and Miss Alice Phillips have returned from a most enjoyable trip to Chicago.

**The Borrower.**

The man who lends coin has his sorrows,
For a borrower's attitude nettles;
He's as meek as a lamb when he borrows,
Ans as cross as a bear when he settles.

**Mean Brute!**

"When a man has to sew on his own buttons, it is time he was getting married," remarked Mrs. Gabb.

"Or divorced," growled Mr. Gabb.

**You Know Him!**

"I'm not a dude," insists this Geek;
"One shave a week's enough!"
That's why, for five days in each week,
He looks so tough and rough.

**Ouch!**

"It is more blessed to give than to receive," remarked Miss Oldgirl.

"Yes," replied Mr. Oldbatch. "It is if you are giving wedding presents."

**Is That So!**

"Oh, Doc," I cried; "My nose is red!
Pray tell me what to do!"
"That's easy, Luke," the Doc replied,
"Drink booze till it turns blue."

**Our Joe Miller Contest.**

A. P. Van Leunen, of Mowogco, Indiana, claims that the oldest joke is the one about the Irishman who emigrated to this country after he had heard that money was so plentiful that the streets were filled with it. Walking up from Castle Garden, in New York, he saw a round tin tobacco tag on the sidewalk. He picked it up, thinking it was money, and noticed a sign on a saloon: "Big Beer, 5 Cents." He entered the saloon, ordered a beer, drank it, and laid the tobacco tag on the bar.

"That's tin!" said the bartender as he looked at the tobacco tag.

"Tin," exclaimed the Irishman. 'Thin gimme another beer. I thought it was only five."

The man who gives short weight hollers loudest when some other man gives him 35 inches for a yard.

And you may have noticed that the man who minds his own business usually has a good one.

Women holler for their Rights. Yet if a man went downtown with his shirt open in front as far down as his wishbone and his pants rolled up to his knees, he'd get a ride in the Hurry-Up Wagon.

And there wasn't much disrespect for the Law until the Volstead Law went into eect.

The man who has a cold he caught three days ago is certain to tell you that he caught it three weeks ago.

Single women imagine that there are such things as Ideal Husbands. But married women know better.

There isn't any excuse for a newspaper man who makes a mistake. Just look at all the advice he gets without paying for it.

TO THE GIRLS OF JACKSONVILLE

Do you know that you have a chance to win fame and fortune for yourself besides bringing national honor to this city? As announced in last Sunday's Chicago Tribune, search is being made for the most beautiful girl in this territory.

REWARD

$20,200.00 In Cash

The Chicago Tribune has agreed to pay $10,000.00 in cash to the most beautiful girl found and $10,200.00 ADDITIONAL in cash to 60 other beauties. Every girl—unmarried or widow—is eligible, except professionals. All that is necessary is to select a photograph of yourself or some friend, write the name, address and occupation on the back of it, and send to "Beauty Contest," The Chicago Tribune, 7 S. Dearborn St., Chicago. Further details in next Sunday's Chicago Sunday Tribune.

## MACHINERY ABOUT READY FOR REMOVAL

**One Boiler at Light Plant Is Still to Be Disconnected.**

The work of preparing for the removal of the equipment from the old municipal light plant to the new power plant is advancing in a very satisfactory way under the direction of Supt. Stoldt. The small new boiler which is to furnish heat for the city hall after the removal of the plant boilers is now in place and connected up. All machinery at the plant is in readiness for removal with the exception of one boiler. It has been necessary to use this boiler for heating purposes up until the present time. Now that the smaller boiler has been installed the masonry can be removed from the large boiler and all pipes disconnected.

The firm which was awarded the contract for removing the machinery will send men and equipment just as soon as notified by the city that the machinery is in readiness for removal. Unless road conditions change materially in the next few weeks it will be no small task to move the heavy equipment over the unpaved portion of the roadway necessary in reaching the site of the power plant.

## LETTER TELLS OF THE EARLY DAYS

**Was Written by David Henry to His Brother, William D. Henry of This County in 1836.**

In going thru some old papers recently Arthur Long found a letter written by David Henry of Bourbon county, Kentucky, to his brother William D. Henry of this county.

While the letter is yellow with age and is mutilated somewhat the ink holds remarkably well and much of it is legible. The letter is dated Feb[illegible]y 12, 1836.

The writer gives some of the prices prevailing in that country at that time. Sheep were selling for $2 and $2.50 per hundred. Yearling calves were selling from $4 to $5.50 per hundred. Contracts were being made for fat hogs delivered in the fall at $4 and $4.50. Corn was selling at $2 per barrel, wheat at $1 per bushel and bacon at 10 cents per pound.

However, land was not cheap by any means in that day. He notes the sale of a farm at $70 per acre.

Mention is made of the legislature passing a bill for the construction of 55 miles of railroad at a probable cost of 10,000. This is considerably cheaper than the cost in the present day.

He also tells of a celebration of the victory of Orleans, meaning probably the battle of New Orleans when a dinner was served to 800 people and Republican toasts were given afterward. A bank also had been opened in Paris, Ky.

There also was an old land grant issued to William D. Henry dated in 1840, which is signed by Martin Van Buren, president.

**TRI-CITY DEBATE FRIDAY NIGHT**

The annual Tri-City Debate will be held Friday evening, February fourth, with Jacksonville, Springfield and Quincy taking part. The question for debate this year is: Resolved: "That European immigration into the U. S. should be further restricted."

The debate here will be held in the David Prince gymnasium Friday night at eight o'clock. The affirmative team which will remain at home includes Kenneth Barton, captain; Robert Furry, Helen Rose, and Lee Baldwin as alternate.

The negative team which will go to Quincy includes Thelma Pires, captain; Harry Furry, Howard Nicol, and Albert Hickox, as alternate. Jacksonville High came out with honors in the debate last year and it is hoped that the cup will be kept in Jacksonville another year.

## PYTHIANS CO-OPERATE TO MAKE BETTERMENTS

**Members of Lodges Are Working Without Pay and Remodeling Their Hall.**

The extensive betterments which are in progress at the Pythian home on the north side of the public square, are made possible thru the splendid co-operation of the members of the lodge. This does not mean co-operation in the ordinary sense of the word, for a number of the members are doing much more than voting in favor of the improvements. Ten or twelve Pythians are now busy at the building each day. They have donned overalls and jackets and are assisting in the manual work.

The improvements are being made under the supervision of S. G. Chumley, a loyal Pythian, who is making no charge for his services, and only two or three out of a group of twelve or fifteen workers are being paid for their services.

**Will Have Splendid Quarters.**

The lodges by the changes now in process, will have splendid quarters on the second floor of the three buildings owned by W. A. Mason, T. M. Tomlinson and S. S. Knoles, in addition to the long established lodge rooms on the third floors of these same buildings. The second floor room in the Knoles building will be used for a library and reading room. It is a spacious apartment, splendidly lighted from the south and west. This connects by a broad archway with the front room of the Tomlinson building which will be used for general reception purposes. To the north in the same building is another room which can be used in a more private way for committee sessions.

At present, the front rooms in the Mason building are occupied by Dr. Applebee's offices. Later on the card room will be at the front, then a cloak room and the larger space devoted to billiards. In fact, the tables have already been removed there from the third floor.

The addition of these rooms will make possible some changes on the third floor, where the main lodge rooms are established. The kitchen facilities will be increased and various suppers and banquets will all be held in the third floor rooms. The walls of all the newly acquired rooms will be painted or papered. The wood work will also be painted and some additional plumbing is being installed. The furnishings of the different rooms will be plain, but of the best quality and the whole enlargement plan is being worked out on most generous lines.

**An Advantageous Location.**

As the workers have been busy and as other members of the lodge have seen the progress of the improvements, they have been impressed anew with the advantages of the location on the north side of the square. With south and west fronts there are admirable lighting possibilities, and if the Knights were free to choose any location in the city they could not improve upon the quarters that have now been established.

Because of this co-operative plan of work, with the members donating their services, the betterments will cost considerably less than half of the original estimate.

Favorite lodge No. 376, now has a larger membership than Jacksonville lodge, but both organizations are in flourishing condition and applications for admission are being received at each meeting.

**The Committees.**

When the new lodge rooms have been completed the club room attractions thus afforded will without doubt, mean still further membership increases. In this enlargement program Favorite Lodge No. 376, is represented by S. G. Chumley and No. 152 by George Wiseman. The trustees of the last mentioned are W. Barr Brown, George Wiseman and James Guyette. The trustees of Favorite Lodge are Charles Ratajchak, Charles Godfrey and George F. Brown. The booster committee from each lodge has been quite largely responsible for the present improvement program and the speed with which it is moving along at such low cost. The booster committees are: Favorite Lodge —Jewell E. Scott, S. G. Chumley, J. W. McConnell; No. 152, George Wiseman, B. C. Lair and H. C. White.

As indicated, the two lodges are now in a growing and prosperous condition. B. C. Lair is chancellor commander of No. 152 and L. F. Jordan holds that high omce in Favorite Lodge No. 376. The names of the additional men who are generously donating their services in this important work will be published at a later date.

**TAKEN SUDDENLY ILL.**

Miss Rachel Leadill of Franklin was taken suddenly ill Wednesday morning at the home of her brother, James Leadill, near Franklin, and last night was reported to be in a serious condition. Miss Leadill complained of a severe pain in her head and soon became unconscious. Dr. F. H. Metcalf was summoned and later Dr. Garm Norbury of this city was also called, and everything possible is being done for the sufferer.

**NO DOCKET SET.**

Attorneys met Wednesday in accordance with the call issued by Circuit Clerk Wanamaker to talk with reference to the coming term of the circuit court. It was found that there are no contested cases demanding an early hearing and it was decided unnecessary to set the docket. Judge Burton had indicated that he would not be here for a period longer than a week.

ONE WEEK

Many Persons Have Taken Our Advice. Did You?

Better read the text at the right of these words, then make a mental note to come in tomorrow.

Every man, young or old, likes the old standard Blue Serge. Some like the striped blue, and some like the browns.

Well, we've got a few bolts of these extra fine goods, at absolutely low and attractive prices. (Beats ready made.)

We told you last week, under the above caption, "How Come," just how we happened to be in possession of these goods. If you didn't read it, or have forgotten, drop in and let us tell you about it. It won't obligate you in any way.

We don't want anybody to say later, "Why in heck didn't you let me know you had these fine goods, and at such a low price?"

I am telling you now, right now, and in addition am showing the goods in our window.

Remember the unsold portions of these bolts go back to the jobber. We can't afford to carry it in stock. Spring goods are higher. TAKE THE TIP.

Rheumatism Comes
From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

Medical scientists differ as to the causes of every form of rheumatism, but agree that when caused by a tiny disease germ, the only effective method of treatment is to cleanse the blood of its cause.

A very common form of rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 826 Swift Laboratory, Atlanta, Ga.

The Best Cough Syrup is Home-made.

Here's an easy way to save $2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## S. S. OFFICERS WILL MEET HERE FEB. 8

**Conference of County, Township and District Officers to be Held Tuesday, Feb. 8, at First Baptist Church — Morning and Afternoon Programs.**

A conference of county, township and district Sunday school officers is scheduled for this city next Tuesday, Feb. 8, at First Baptist church. The session will open at 9 o'clock and will continue until noon when adjournment will be taken for lunch. At 2:15 p. m. there will be divisional conferences.

This is the second annual conference of Sunday school workers held in this district, and is open not only to officers but all those who intend at some future time to be actively associated with the work. The conference plan was adopted for the purpose of aiding Sunday school officers to do better work, as it was realized that much help and inspiration would come from the general discussion of various problems.

The program is as follows:

**Morning.**

9:00 Getting acquainted and registering.
9:30 Opening devotions.
9:45 Organization — County. District and City—What it is — Who and How to get it complete.
Officers—
How discover.
Nominate.
Elect.
Instruct.
Finances—
Securing — From Whom? How?
Spending — For What? Who?
12:00 Lunch.

**Afternoon.**

1:30 Devotional.
1:40 What we aim for. General.
2:15 Divisional conferences.
1. Children's and Education, led by Miss Weaver.
2. Young People's and Adult, led by Mr. Wing.
3. Presidents, Vice-Presidents, Secretaries, Treasurers, Business and Administration, led by Mr. Burnie.
4:15 Reassemble for announcements.
Adjourn.

### BAPTIST YOUNG PEOPLE TO PRESENT PLAY

The young people of the Baptist church will present a three act play, "Deacon Dubbs," at the School for the Deaf next Thursday evening, Feb. 10. Those in the cast have been hard at work with rehearsals and a worth while presentation is promised.

The cast of characters is as follows:

Deacon Dubbs—C. O. Swift.
Philipena Popover — Mrs. Louis Hauck.
Amos Coleman—Byron Stewart.
Rose Raleigh—Lillian Swift.
Deuteronomy Jones—Leon Stewart.
Yennie Yensen—Helen Turner.
Rawdon Crawley—Lowell Andrew
Emily Dale—Edith Stewart.
Major Moses McNutt—Charles H Story.
Trixie Coleman—Margaret Todd.
Villagers—Elinor Stoldt, Ailene Rabjohns, Horatio Green and Arthur UpDeGraff.

It is planned to have an orchestra from the Sunday school, which will render some lively music, consisting of old-time melodies.

The play, "Deacon Dubbs," has been given in many towns surrounding Jacksonville and has met with good success everywhere. It was given twice at Murrayville and once each at Literberry, Pisgah and Franklin.

**Moving pictures Westminster church, next Saturday night. Four good reels. No admission charge but a collection will be taken.**

### COLLECTOR TOMPKINS TO ASSIST WITH SCHEDULES

Deputy Collector S. J. Tompkins has just received word that from February 9 to 12 inclusive, he will be in the revenue office, 209 Scott block, for the purpose of assisting taxpayers in making their income tax returns for 1920. Owing to the desire of Collector Pickering to provide assistance in all parts of the district, it is not possible to say at this time just what days Mr. Tompkins will be in the Jacksonville office after February 12.

It is suggested that, if some of those who wish advice and assistance would call during the earlier hours of the day, there would be less delay and the deputy would be able to handle the work with less congestion during the busier hours. Office hours are from 8:30 to 12 and 1 to 4:30. This service offered by the government is absolutely free and given purely for the accomodation of the taxpayers.

### CLOSING OUT SALE.

At farm, ½-mile north of Woodson, Tuesday, Feb. 15. Commencing at 11 a. m, consisting of horses, mules, cows and farm machinery. W. E. McCurley.

Are YOU One With Us?

One million, five hundred thousand farmers are united in a common cause through the American Farm Bureau Federation. They represent fifteen billion dollars' worth of our national wealth. That is more than the value of all the gold the world has produced in the last sixty years.

These are stupendous figures. Yet the impressive fact is not the size of the figures themselves, but the power they signify. The thoughts, the voices, the strength of one-fourth of the country's farmers joined in a single cause—farm progress! It is a tremendous force for good.

This force that is created by 1,500,000 determined farmers is making itself felt. It is speaking with too powerful a voice to be ignored, too well informed to be dismissed. Congress, capital, labor are having to listen to the farmer at last because the farmer has found a means of making himself heard. The Farm Bureau Federation has given him that means.

Fall in line! Join the Farm Bureau and help swell the mighty force that has enlisted under the Farm Bureau banner. Its objective is a secure and prosperous farming industry. Help it to guarantee that for you and the six million other farmers of this country.

Before the national body was organized THE COUNTRY GENTLEMAN began to support the movement. Its aid has been continued because the editor believes in the soundness, the integrity and the wisdom of Farm Bureau policies and leadership. THE COUNTRY GENTLEMAN always is ready to support and encourage every move that is helpful to farming. That is the purpose of this big national weekly—to make farm life more livable and profitable. It does this through the medium of informative articles, inspiring editorials and practical suggestions.

You need THE COUNTRY GENTLEMAN in your business, in your home life. And it costs only $1.00 *a year—less than two cents for each of the fifty-two big issues.* You can mail your subscription to us, inclosing a dollar bill, check or money order.

DON'T SQUEEZE BLACK-HEADS—DISSOLVE THEM
Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of calonite powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition — anyone troubled with these unsightly blemishes should try this simple method

50 Hens Laid 3 Eggs A Day. Now Lay 36
Tells How to Make Idle Hens Produce Money in Winter.
"When I began using Don Sung in December, I was getting only 2 or 3 eggs a day from 50 hens. Within three weeks I was getting from 3 to 4 dozen a day. I shall never be without Don Sung." —Jermima Hedges, R. F. D. 1, Shumway, Ill.
This 3 or 4 dozen eggs a day, at winter prices was almost clear profit. Your hens should do as well. It's no trouble to use Don Sung and you risk nothing by trying it under this offer.
Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.
Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.
You can obtain Don Sung from your druggist or poultry remedy dealer, or send $1.04 (includes war tax) for a package by mail. Burrell-Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

# DEMPSEY-WILLARD FIGHT IS NOT OFF; MERELY POSTPONED

### Willard to Fight Winner of Dempsey-Carpentier Match

### THIS IS STATEMENT OF TEX RICKARD

NEW YORK, Feb. 2.—Tex Rickard boxing promoter, tonight announced in Los Angeles today Willard fight which Dempsey announced in Los Angles today was off, had been postponed with the consent of both participants until Labor Day, Sept. 5.

Rickard said he would stage a bout on that day between Willard and the wiuner of the Dempsey-Carpentier bout, under the terms of Willard's existing contract.

"For various reasons I have decided to postpone the Dempsey-Willard match until Labor Day," said Rickard. "While both Dempsey and Willard are willing and eager to observe the original contract and meet in Madison Square Garden on March 17, I have decided that the contest had better be staged in the open following the Dempsey-Carpentier match of July 2.

**Big Demand for Tickets.**

"The surprising demand for tickets for the Dempsey-Willard bout makes it clear that the garden would accommodate but a fraction of those who desire to see the bout. Willard has absolute confidence in his ability to regain the championship and has impressed many followers of boxing. A demand has been created that he be matched with the winner of the Dempsey-Carpentier bout.

"I shall therefore erect a large open air arena for the international contest and stage a match between Willard and the winner of the Dempsey-Carpentier match under the existing contract on September 5. This change of date is made with the consent and approval of both Dempsey and Willard."

Rickard says he intends to erect an open air arena in the vicinity of this city early this spring and transfer his boxing to that site during the summer months. During the open air period he will stage a series of championship bouts in all weight classes bringing together the title holders and the most formidable contenders in each of the recognized divisions.

# TWENTY MILLIONS FOR SCHOOL WORK

### Blair Tells Governor Small That Much Needed Annually to Meet Needs of Illinois Schools.

Springfield, Ill., Feb. 2.—State Superintendent of Public Instruction Francis G. Blair today wrote Governor Small that "nothing but $20,000,000 annually will meet the needs of Illinois schools." His letter urging a $40,000,000 appropriation to the state distributive fund for the next biennium is also being sent to chairmen of the house and senate appropriation and educational committees. This action, Superintendent Blair wrote was prompted by the flood of reports from many county and city school officials, of their critical needs, miserable school buildings and the fact that they will close the school year deeply in debt.

This recommendation of $20,000,000 a year, sets aside Mr Blair's previous recommendation that $10,000,000 be appropriated

## NO INVITATIONS ARE ACCEPTED

NEW YORK, Feb. 2—Tempting invitations to many social gatherings failed to draw Mrs. Warren G. Harding away from her hotel suite shopping today. Her companions said that the wife of the president-elect would neither call upon friends nor be visited during the remainder of her stay in New York.

Society folks chatted over many rumors of selections made for Mrs. Harding's wardrobe. They learned nothing definite however. No word came from the suite in which he hid herself even at meal time and the designers and modistes who visited her said they had been pledged to secrecy.

Tonight the distinguished visitor quietly slipped away to visit a theater.

# KANSAS MAN STILL IN DOUBT ABOUT GROUND HOG THEORY

### Son Sells the Ground Hogs to Town Men For Possums

### MAY TRY AGAIN NEXT YEAR

Monmouth, Kans., Feb. 2.—Because his young son has an eye for business, John Wilhelmer of Monmouth, didn't find out today whether the ground hog knows anything about the length of winter.

Wilhelmer has his doubts as to the old theory that if the animal sees his shadow when he comes out of his hole on Feb. 2, he knows more cold snaps are in sight and goes back for a six weeks nap.

He decided to find out. Last fall he secured five groundhogs, housed them on the bank of Lightning Creek, built himself an observation tower, marked up his calendar and waited.

Wilhelmer got up early this morning and went down to the creek. He perched himself in his observation tower and kept one eye on the sun and other on the creek bank. Considerable time elapsed and he began to wonder.

At that juncture his fourteen year old son appeared on the scene.

"Pop," he began, "I don't think your ground hogs will show up today because they are not there.

"I didn't mean to do anything you didn't want me to but last fall some fellows from town came out here hunting and wanted possums. Sam Willets and I sacked the ground hogs and sold them as possums for $2 a piece."

All was quiet in the vicinity of the Wilhelmer woodshed tonight.

## WILL WORK ON REDUCED SCALE

DETROIT, Mich, Feb. 2.—The sociological department of the Ford Motor company has been consolidated with other departments and will operate on a some what reduced scale in the future, Dr. J. E. Mead, one of the executives of the department announced tonight. At one time the department included 130 workers.

"In the future the investigations will not be so extensive," Dr. Mead said. "Reports that it would be abolished are unfounded and there will be no change in policy. It was also stated that Dean S. S. Marquis, head of the department who resigned recently had definitely severed his connection with the company."

## WILL MAKE KNIGHT OF MARY GARDEN

PARIS, Feb. 2.—Mary Garden will probably be made Knight of the Legion of Honor is an announcement by the minister of public instruction, which is expected tomorrow. No confirmation could be obtained at the ministry of foreign affairs other than the statement that the singer's decoration would quite possibly be announced in the next day or two.

Mary Garden's recent entry into the field of opera management is said to have been one of the chief reasons for considering her for a decoration.

## WILL NOT QUOTE ARGENTINE GRAIN

### Head of Chicago Board of Trade Says Market Controlled by Europe.

Chicago, Feb. 2—President Joseph P. Griffin of the Chicago board of trade, tonight, issued an order discontinuing the posting of Argentine grain quotations at the board and in a statement accompanying the order declared that the quotations, "do not intelligently reflect the supply and demand situation."

"I suggest that members of our exchange, the grain trade generally, the press and news distributing agencies for the present refrain from giving any publicity to so-called grain quotations from Argentine markets," the statement said. "It is a fact generally conceded that these purported quotations are prices made thru the medium of controlled markets. From the best evidence at hand, a few powerful European grain importing firms, most of whom directly or indirectly are the buying agencies of their governments, entirely dominate the grain markets in that country.

"Furthermore, the present market quotations are deceptive in that the offerings of wheat to Europe are made conditional upon the buyer assuming the Argentine export tax which naturally must be added to the price. In view of conditions it is not an unfair assumption that the large European governmental buyers are using these purported quotations of our important competitor in the exportation of wheat for the purpose of driving down the value of the product of the American farmer.

"I am convinced the several interests to whom this appeal is directed, will readily see that simple justice will compel and insure their hearty co-operation."

## GIVES PERMISSION TO TRANSFER GERMANS

WASHINGTON, Feb. 2—Permission has ben given by the American government for the transfer thru the United States of about fifty German officers and seamen who have been interned at Guaymas, Mexico, since the beginning of the world war and whose repatriation has been arranged by the German minister to Mexico. The Germans will enter the United States at Nogales, Ariz., and will go to New York, from which port they probably will sail for Germany, Feb. 24, on the steamer Manchuria.

The Germans formed the crew of about ten sailing vessels which by the peace treaty have been turned over to the allies.

About Prices on PIANOS and PLAYERS
Herbert Hoover in a recent address said. "This country is deep in the greatest economic problem it has ever faced."
"No government body, no political organization will show us the right road out.
"This must and will be done by our clear headed American business men."
Business is good if we keep the wheels turning. Don't stop! Keep going and avoid stagnation. Don't deprive yourself of the things you really need, but in buying be sure that you get the best and if possible get it from the firm or individual who themselves show convincing evidence that they are trying to travel the right road.

# TELLS COMMITTEE IT WAS BIG JOB AND THEY WERE PROUD OF WORK

(Continued from Page 1)

The line of questioning shifted constantly, but all the time it came back to prices and vast stores on hand when the armistice was signed. Then diplomats were mentioned.

**Pink Tea Diplomats.**

"The diplomatic system of appointing men with pink tea experience in war time" said Mr. Dawes, "was a rotten failure. Sharp was all right, but the rest of them were utter failures. It was all due to the appointment of society men—pink tea fellows. Why, we couldn't get anywhere. We had George McFadden over there and he did in three days what the diplomats could not do in three months."

Mr. Dawes also paid his respects to open diplomacy.

"Let me illustrate,' he said, 'we needed 80,000 artillery horses. They were in the fields, and it was harvest time in France as everybody said there would be a revolution if we attempted to take them. It was my job to get them and it was my argument that we could not get our men to the front without horses. Unless we got them the Germans would break thru. We didn't talk price—we just pulled them out of the field. Of course, that sort of stuff couldn't be printed."

"What did you get for the horses when they were resold to France?" he was asked.

"I don't know," he replied "but the price was low. Of course it was. The horses were taken from the field. It's easy to find fault, easy to say we should have struck a bigger bargain but put ourselves over there and I think your viewpoint would be different.'

Before the supply service was coordinated everybody, Mr. Dawes said, was pulling in different directions.

**Too Much Pulling.**

"You have got the same trouble here,' he added, 'with ten cabinet officers each trying to get everything for himself regardless of the common welfare. The president ought to stop it."

"But I am glad," he continued "that there is a desire in some quarters to make a permanent and honorable record of what our men did. There have been complaints that our surplus in France was sold. It would have kept forty thousand men there trying to guard it while we peddled it in small lots. The men were brought home and the best bargain of the war was in the sale of the stuff to France.

"Now here is how we sold. Members of our commission including Judge Parker sat down at a table with the French. We laid our cards down I told our friends that some of us had suggested different prices, that this bird Parker was a hard boiled egg and was standing out for $150,000,000. I said I thought $400,000,000 was fair and we traded."

Mr. Dawes agreed to remain over for another session tomorrow, Chairman Johnson announcing that his examination would require about three hours.

Tired Out?
Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?
Foley Kidney Pills
act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.
Mrs. Robert Blair, 461 S. 20th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and see floating specks before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, normal action. I am also free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

## ILLINOIS WILL PLAY EUREKA FRIDAY NIGHT

**Games Will Be Played in David Prince Gym Starting at 8 P. M. —Visitors Have Strong Aggregation.**

Illinois College will have Eureka for an opponent in David Prince gymnasium Friday evening.

The visitors have a fast aggregation this year and will probably be the strongest opponent Illinois has met this year.

While Illinois has been improving with each game and has four games and no defeats to her credit, the squad will not be in the best shape for the Eureka game.

All of the members have been busy with examinations during the week. This has broken into the practice and but little benefit has resulted from the work that has been done. In addition to this Jones is threatened with an infection of one of his toes and may be kept out of the game.

However, if he is able he will start at one of the guard positions with Cully at the other. Mellon will be at center and Antrobus and Brown at forward, when the game starts unless something unforseen occurs. It is probable, tho, that Coach Harmon will use other men during the game.

Play will start at 8 o'clock. Cook, of Illinois Normal, will officiate. He worked here as Umpire in the Millikin football game last fall and is considered one of the best officials in the conference.

## STOMACH GAVE HER YEARS OF TORTURE

**Could hardly stand on her feet. Eats anything now.**

"For years I suffered with stomach trouble in its worst form. It was so bad at times I could hardly stand on my feet. I lost my appetite and what little I did eat formed gas in my stomach so bad that it bloated me all up, and caused me to suffer with shortness of breath and pains around my heart. I was completely worn out and felt bad all the time.

I saw Milks Emulsion advertised in the daily papers and decided to try it, and I want to tell you I commenced to improve before I finished the first bottle. My appetite has returned and I can now eat anything without any trouble afterwards. My stomach trouble has entirely disappeared and I sleep like a log every night. In fact I feel as well as I ever did."—Mrs. O. J. Zecha, 535 Charles St., St. Paul, Minn.

The blessed relief which Milks Emulsion gives in stomach trouble, is only part of its good work. The benefit is both prompt and lasting. It costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. It helps build flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting diseases.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and $1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

## WHITER CONTINUES TESTIMONY BEFORE RAILROAD BOARD

**Will Finish Four Weeks of Testimony Tomorrow**

### EMPLOYES WILL ANSWER ATTERBURY

CHICAGO, Feb. 2—Objections to the rules governing numerous smaller classes of employes were laid before the railroad board today in detail by E. T. Whiter, chairman of the carriers' committee. Mr. Whiter is nearing the close of a four weeks' stretch of testimony and expects to conclude presentation of his evidence tomorrow.

The railroad testimony will be interrupted long enough probably, however, to permit a rebuttal statement by the employes to the declarations of Brig. Gen. W. W. Atterbury, representing the American Association of Railway Executives last Monday. The employes will make vigorous protest against granting General Atterbury's request for immediate abrogation of the national agreements covering working conditions, pending completion of the hearing now before the board.

Board members indicated that a decision of General Atterbury's request would be made in executive session Friday. Labor men predicted that the board would deny the request. It was said a recess would be asked by the employes' representatives to present a rebuttal to the Whiter testimony.

Desire to proceed with the hearing in an orderly manner and declaration that the board would not be stampeded into any decision regarding the case was expressed by board members, altho it wished they said, to reach a decision in the whole matter as speedily as possible.

### SEVENTY THOUSAND WORKING IN DETROIT

DETROIT, Mich., Feb. 2.—Seventy thousand men or 22 percent of the number working in factories in the Detroit area a year ago, now have employment according to an industrial survey today by the employers' association made public by George W. Grant, secretary.

Approximately one half the number are working on half time. Normally these factories employ 310,000 workers.

The net gain in employment as compared to a week ago, amounts to approximately 8,000 and was accounted for largely, by the partial resumption of operations of the Ford Motor company, Mr. Grant reported. Other plants, including the Hudson, Liberty and Continental added small groups to their skeleton forces today it is said.

### VICE PRESIDENT TO LIVE IN HOTEL

WASHINGTON, Feb. 2—Vice-president-elect and Mrs. Coolidge will make their Washington home in a hotel it was learned today. The hotel is the same one in which vice-President and Mrs. Marshall have occupied an apartment during their Washington residence. They intend, it is understood, to retain their modest house at Northampton, Mass. Their two sons will be here but little, being away at school.

**VOTE TO ACCEPT PASTOR'S RESIGNATION**

At a meeting held at the Congregational church last night the resignation of Rev. W.E. Collins as pastor of the church was received. In accordance with the expressed wish of the pastor to terminate his pastorate with the last Sunday in February, the membership voted to asquiesce. The committee, which had been appointed to consider the resignation made a report thru Mrs. F. J. Heinl, as chairman, recommending the action noted. It was decided that during the interim the church is without a pastor that the heads of te different churc departments will act as a cabinet to direct the church activities.

A committee on supply was named as follows:

R. W. Woolston, chairman; Harry M. Capps, Mrs. Frank J. Heinl, Dr. Grace Dewey, Mrs. William A. Fay, Miss Fannie Wood, Earl M. Spink.

**PLAN FOR BANQUET.**

The Baraca Bible class of the First Baptist church will entertain members past and present, and also members of the Amoma class at an oyster supper tonight. The committee on arrangements includes Charles Laney, A. J. McLothlin, Jonas Wilson, Arthur Updegraff, Elmer Smith and Albert Hart.

## RACHELL LEADILL DIES AT FRANKLIN

**Death Comes After Brief Illness—Was Born In England and Came to This Country In 1909.**

Franklin, Feb. 3—Miss Rachel Leadill died at her home here at 1 o'clock this, (Thursday) morning after a brief illness. She was stricken Wednesday morning and death resulted at the hour indicated.

Decedent was born in England and was 45 years of age. She came to America and to Morgan county in 1909 and since that time has made her home in this vicinity.

She is survived by two brothers, James and Harry Leadill and two uncles, Henry and James Leadill, all residing in this community. Arrangements for the funeral will be announced later.

## SUPPOSED DEAD MAN QUOTES MARK TWAIN

**Rockford Man Says "Report of His Death Is Greatly Exaggerated," In Commenting On Identification of "Ragged Stranger" in Chicago.**

Rockford, Ill., Feb. 2.—Quoting Mark Twain, "The report of my death is greatly exaggerated," a man who claims to be Earl Keesee of Danville, Ill., and whose identification as such is apparently substantiated by Rockfordites who say they knew him when he was at Camp Grant, walked into a local newspaper office tonight to state that his is not the body identified by his relatives as that of the "ragged stranger" shot and killed by Carl Wanderer in Chicago.

In an interview Keesee said: "I arrived in Rockford Tuesday night and went to bed. This afternoon I visited a Rockford soft drink parlor where I am well known, and as I walked into the store one of the proprietors showed me a Rockford morning paper and said: 'Hey, Keesee, you're dead!' I read the story and he telephoned to the newspaper office and told them I was still alive.

"My aunt was wrong in her statements that I have a deformed left foot. Its my right foot that is deformed. I have spent most of the time in Rockford since my discharge from the army at Camp Grant.

"I came to Rockord from Milwaukee yesterday because I could not find work there and need some money to pay a board bill. I expect to return to Rockford to work after I go to Chicago to straighten out this identification mistake."

Keesee showed an army warrant given him when he was promoted from a private to a corporal in the army at Camp Pike and other credentials to prove he was Keesee and Rockford men substantiated his statements. He left for Chicago tonight to visit relatives and notify the authorities that the identification of the "poor boob's" corps was erroneous.

### BABY IS AWARDED $50,000 DAMAGES

OAKLAND, Calif., Feb. 2.—A $50,000 judgment was granted Delancy Smith, an eleven months old baby in superior court here today against a nurse, who, it was charged, left him in the bath tub with the hot water running. The money, the court stated, is to be used in restoring by plastic surgery the baby's face, which was scalded badly. The nurse did not defend the case. The court was advised the baby was found in a bath tub with the hot water running when the child's screams attracted his parents.

## FORMER RESIDENT DIES IN CALIFORNIA

**Mrs. Alfred Glossop Passes Away Suddenly in Los Angeles —Has Been Living in Colorado for Many Years.**

Charles Glossop received a telegram Wednesday telling of the death in Los Angeles, California of Mrs. [illegible] Glossop of Denver, Colo., and a former resident of this city.

Mr. Glossop had a letter from her a few days ago and she said nothing about poor health and he believes the end came suddenly.

Decedent was the widow of the late Alfred Glossop and for many years resided in this city. She was a well known music teacher and many residents of Jacksonville were numbered among her pupils.

In 1891 she left here in company with her husband and son to make her home in Colorado Springs. Mr. Glossop died there 11 years ago. For the past four years she has been residing with her son, Butler, they went to [illegible] Recently they went to California. She was an active worker in Central Christian church while here. She was about 75 years of age at the time of death.

She is survived by one son, Butler Ford and two step sons, Charles Glossop of this city and Henry Glossop of Michigan. Funeral plans are not known.

## ATTORNEYS NAMES TO BE IN MEMORIAL

**Men From This District In War Service Listed By H. P. Green**

Names of lawyers of the fourth supreme judicial district who served in any government capacity during the world war, with other information which will be included in a memorial volume, was mailed by Attorney Hugh P. Green of this city to Major Edgar B. Tolman, an ex-president of the Illinois Bar association, who is at the head of the task of compiling and publishing the data.

Mr. Green for some weeks has been occupied in securing information in this district which includes fourteen counties. Last year he was appointed to take charge of gathering the information of this district, and a committee named to assist him. Such committees from all districts met in Chicago, December 3, and conferred with Major Tolman.

At the expense of the Illinois Bar association a memorial book will be published. Photographs of attorneys who died in service, with brief sketches of all, will be published. The work is to be entirely completed so that it may be presented to the State Bar association at it's next annual meeting on Memorial day.

While the present report of the local attorney shows no attorney of the district died in service, it is probable that the name of Adrain C. Edwards, who was killed in action, will be included in the names of the fourth district. At present the county to which he belonged has not been established.

Attorney Adrain C. Edwards was born at Roodhouse. He was admitted to the bar in 1914, and engaged in partnership practice with Justice Floyd E. Thompson, now of Rock Island. These two men conducted offices both at Carrollton and Rock Island.

Should Edwards be classed as a Greene county man he will not be included in the report of the fourth district. This is left for Major Tolman to decide.

In this district there were forty four attorneys in the service. The list includes from this county H. P. Green and Morrison Worthington.

## SO WEAK SO NERVOUS

**How Miserable This Woman Was Until She Took Lydia E. Pinkham's Vegetable Compound**

Toomsboro, Ga.—"I suffered terribly with backache and headache all the time, was so weak and nervous I didn't know what to do, and could not do my work. My trouble was deficient and irregular periods. I read in the papers what Lydia E. Pinkham's Vegetable Compound had done for others and decided to give it a trial. I got good results from its use so that I am now able to do my work. I recommend your Vegetable Compound to my friends who have troubles similar to mine and you may use these facts as a testimonial."—Mrs. C. F. PHILLIPS, Toomsboro, Ga.

Weak, nervous women make unhappy homes, their condition irritates both husband and children. It has been said that nine-tenths of the nervous prostration, nervous despondency, "the blues," irritability and backache arise from some displacement or derangement of a woman's system. Mrs. Phillips' letter proves that no other remedy is so successful as Lydia E. Pinkham's Vegetable Compound.

## ROUTT COLLEGE TO PRESENT OPERETTA

**High School Pupils Will Also Have Part In Program at Liberty Hall Friday Night.**

The operetta, "Princess Chrysanthemum", is to be given Friday night at 8 o'clock at Liberty Hall by the academic department of Routt College and High School. This is to be a benefit for the school.

The cast has been working very hard to make a success of this lovely piece. Under the able direction of Miss Margaret Ring, the operetta is working up very beautifully. They will present this this afternoon at 2:45 for the children of the school.

Following is a synopsis of the operetta:

**Act I**

A great fete is being held in honor of the coming of age of the Emperor's daughter, Princess Chrysanthemum. She is loved by Prince So-tru, and returns his affection; but he has a rival in the person of Prince So-sli, who seeks the aid of Saucer-Eyres, the Wizard Cat, who carries off the Princess to the cave of Inky Night, leaving the Emperor and Prince So-true listracted at her strange disappearance.

**Act II**

Princess Chrysanthemum, imprisoned in the Cave of Inky Night, with the aid of a magic ring summons the Fairy Moonbeam disappears at the loss of the ring, and the unhappy Princess is left to bewail her fate. Prince So-tru manages to obtain entrance to the cave, and finds the ring, which at once causes Fairy Moonbeam to return and aid him. At this moment the Emperor arrives with his attendants, and takes Saucer-Eyes prisoner, bearing him in triumph to his palace.

**Avt III**

Threatened with torture, Saucer-Eyes confesses the complicity of Prince So-sli, whom the Emperor orders to instant execution. This is, however, frustrated by the appearance of Princess Chrysanthemum, accompanied by Prince So-tru and Fairy Moonbeam with her band. The Emperor pardons Saucer-Eyes and So-sli at the Princess's request, and gives her hand in marriage to Prince So-tru, thus bringing everything to a happy conclusion.

## GRADUATE NURSES HELD ANNUAL MEETING

Graduate nurses of District No. 13 of the Illinois State Association held the annual meeting in Decatur Tuesday.

Jacksonville was well represented at the meeting by the following ladies: Mrs. Sophie Strandberg and the Misses Gladys Knopp, Mabel Reid, Maude Ryman and Lucy Mount. Other cities represented were: Beardstown, Springfield, Carlinville and Taylorville. A large number of graduates of the Passavant Hospital Nurses' Training School were present at the meeting.

The association elected the following officers:

President—Miss Maybelle Parrott, Springfield, re-elected.

First vice-president—Miss Lucy A. Mount, R. N., Jacksonville, re-elected.

Second vice-president—Miss Ida B. Venner, R. N., Jacksonville.

Recording secretary — Miss L. Maude Ryman, R. N., Jacksonville, re-elected.

Treasurer—Miss Mary Wallace, R. N., Springfield.

At the conclusion of the business session the members of the association present listened to an interesting address on "New York In Metabolism," by Prof. Otis Stanley of Millikin university.

**Seats for the operatta, Princess Chrysthanthemum may be reserved now at Armstrong's East State street drugstore.**

## ROTARIANS TO ATTEND STATE GATHERING

**International Vice President Will Address Big Convention at Springfield, Feb. 9th.**

Local Rotarians are preparing for attendance at a state gathering of Rotarians at Springfield, Feb. 9th. Each year a gathering is held in the capital city where Rotary matters are discussed by prominent members and business matters are also handled. Last year 1200 members were in attendance and this year a larger number will perhaps be present.

The chief attraction for the event this year will be the presence of International Vice President Raymond D. Havens, of Kansas City, Mo., who will deliver an address in the evening following the banquet. A morning session will be held presided over by District Governor E. C. Fisher, of Rock Island. Gov. Fisher was in Jacksonville during the holidays and delivered a stirring address before the local club.

Nearly twenty-five local Rotarians attended the conference at Springfield last year and likely a larger number will attend this year. H. L. Caldwell and John Cain are the committee in charge of the delegation and members expecting to go will be asked at the meeting this week to hand in their names.

### *Will You Fill Out a Chart for Mr. Edison?*

MR. BURNS pronounced the test most interesting. He enjoyed it and was glad to help Mr. Edison.

You'll enjoy filling out a Mood Change Chart also—and we know you will eagerly help the great inventor in his latest research into the effects of music on the minds and moods of mankind.

Read Mr. Burns' Chart. Then come to our store. Make the test. Learn how music affects *your* moods. Your Chart will be sent to Mr. Edison.

If you own a New Edison, ask us for a supply of Charts and invite your friends for a Mood Change Chart party. They will find it more entertaining than the Ouija board. If you do not own a New Edison, we will lend you an instrument with a supply of RE-CREATIONS, for giving a Mood Change Party.

The New Edison has perfect realism. Its RE-CREATION of music cannot be distinguished from the original music. This makes it possible for every home to enjoy the full benefits of the world's best music.

SEED CORN—We had a wonderful season at Mason City this year for maturing seed corn with the result that we have the finest lot of well dried 1920 crop of seed corn that we have ever grown. This corn is gathered early in the fall and placed on drying racks when it is very slowly dried down to twelve or fourteen per cent moisture content. This gives corn of very high vitality. We have been in the seed corn business in a large way for over thirteen years and have the largest and best equipped drying plan in the world. Our down town plant is in the center of Mason City, right on the hard road between Springfield and Peoria. It is well worth a trip to Mason City to see this corn. Price is only $3.50 per bushel. Write for beautifully illustrated catalogue. Box 44. W. T. Ainsworth & Sons, Mason City, Ill.

### PRICE OF WHEAT MAKES ADVANCE

(By The Associated Press)
CHICAGO, Feb. 2.—Belief that for at least the time being all bearish conditions had been discounted led to material upturns today in the value of wheat. Closing prices, altho unsettled were 1½c to 3¼s net higher, with March $1.56¾ to $1.57 and May $1.46½ to 1.46¾. Corn gained ⅜c to ⅞c, oats ⅛c to ⅜c@¾c and provisions 10 to 20c.

Bullish traders in wheat made much of assertions that immediate opportunities for profit on the selling side were limited. One expert made a statement purporting to show that the United States carry over would be only 16,000,000 bushels if not another bushel were sold for export the next five months. Something of a setback from the day's top prices took place near the end of the session owing to gossip that the proposed Argentine supertax on exports had been fixed at 14½c a bushel.

Corn and oats were strengthened by a falling-off in the volume of receipts of corn and by talk that the country was not selling.

Provisions at first tended downward as a result of increased stocks here but later reected the advance of grain.

### MONEY MARKET WAS A POWERFUL FACTOR

By Associated Press.
NEW YORK, Feb. 2.—Sentiment in stock market circles today was unmistakably bearish that feeling finding frequent expression in the pressure directed against almost every important division of the list.

The money market was a powerful factor, call loans opening at 8 per cent and advancing to 9 per cent in the final hour.

Further unsettlement in the commodity markets indicated by an extension of price reductions for crude and refined oils and the sharp competition in the sugar trade were among the significant sidelights thrown up on prevailing industrial conditions.

Rails were strong especially Great Northern and Northern Pacific, those stocks rising briskly in the last hour and aiding materially towards reducing losses elsewhere.

Sales amounted to 525,000 shares.

In the foreign exchange market a radical change for the better occurred based, according to reports on short-covering. The London rate made up more than yesterday's loss and substantial strength was evidenced by quotations to France, Belgium, Italy, Switzerland and Sweden, also to China. Liberty issues featured the narrow dealings in the bond market recovering the greater part of their recent declines, but rails, industrials and equipments were disposed to ease moderately. Total sales (par values) $13,300,000.

## HAS DONE GREAT WORK IN SOIL PROBLEMS

**Little Rock, Ark., Paper Pays Deserved Compliments to Former Jacksonville Young Man.**

Prof. W. H. Stevenson of the faculty of Iowa State College, recently made an address at Little Rock, Ark., under the auspices of the Arkansas Profitable Farming bureau. Prof. Stevenson who is a former Jacksonville resident, is a son of Henry S. Stevenson of West College avenue. For a period of years he has ben located at the Iowa college at Ames and has come into prominence as an authority on soil subejcts. Judge Lee Miles is the chairman of the Arkansas bureau and it was during a visit to the state college that he became identified with Prof. Stevenson and was able to arrange for an appearance in Little Rock.

One of the newspapers of that city presents a picture of Prof. Stevenson and some paragraphs as follows concerning his work:

"Professor Stevenson is professor of farm crops of Iowa State College, chief in agronomy, director of the soil survey and vice director of the Iowa Agricultural Experiment Station. He is recognized as one of the nation's leading authorities on soils.

**"His Work In Iowa.**

"He came to Iowa State College 18 years ago to take charge of and to develop the soils work. During this time he has aroused in Iowa farmers a keen interest in their soils and convinced them of the need of proper treatment and management of the soil to increase crop production and to maintain the soil's fertility. This is shown by the thousands of letters received annually from farmers who want information and from the hundreds of samples that are submitted for testing.

"Professor Stevenson is known to all the farmers of Iowa through corespondence, through farmers' institutes, short courses, grange meetings, publications and personal visits. He constantly is called upon to aid in solving soil problems on farms and his advice is considered the last word on soils questions.

"Because of the great confidence reposed in Professor Stevenson, Iowa has made large appropriations for soils work during recent years. Professor Stevenson's staff now is composed of 25 trained workers and Iowa expends annually more than $50,000 for the study of its soils. This includes field experiments on 70 fields in various parts of the state, a detailed soil survey of the state by counties which is in co-operation with the United States Department of Agriculture, the management of the agronomy farm of 160 acres at Ames and a study of many fundamental questions on soils subjects.

"The first soil problem that Professor Stevenson attacked in Iowa was drainage. He organized the Iowa Drainage Association and for many years was its secretary. Largely through his efforts millions of acres of the richest lands in Iowa have been reclaimed and made to produce large crops.

**"Has Accomplished a Great Work.**

"As director of the soils survey Professor Stevenson has been responsible for the mapping of the soils of 40 counties, for the locating and laying out of some 70 co-operative soil experiment fields, for the study of the plant food content of the hundreds of soil types which have thus ar been described and for the carying out of many pot culture tests in greenhouses which have been of great value in showing the treatments needed to increase crop production. Sixteen special soil survey reports have been issued and others are in preparation. The liming of Iowa soils has received much attention and the need of lime over the state has been found to be very extensive."

## BERGSCHNEIDER-MENSE WEDDING AT ALEXANDER

The marriage of Anton Bergschneider of Alexander and Miss Louise Mense of Sigel, Ill., will be solemnized at 9 o'clock this morning at the Chuch of the Visitation in Alexander, Rev. Father Lucius officiating. The young people will be attended by Miss Maggie Bergschneider and Henry Bergschneider, sister and brother of the groom.

The groom is a well known resident of Alexander precinct and has for the past few years been engaged in farming operations. His bride is also well known in Alexander, where she has visited at various times in recent months. They will reside on a farm southwest of Alexander and the best wishes of their many friends will be extended to them.

Other hostesses of the day with Mrs. Bambrook were: Mrs. Jenkinson, Mrs. Sheppard, Mrs. Scott Carter, Mrs. Charlotte Gray, Mrs. John Wright, Mrs. Coker and Mrs. John Keefe.

A most enjoyable program was given. Mrs. Seagel played a piano solo and her little daughter sang a song which everyone appreciated. Miss Mabel Donovan gave a delightful reading. A great deal of merriment was afforded by an old fashioned spelling bee in which all the members took part. The hostesses whose birthdays occurred in December or January, served delightful refreshments during the afternoon.

**Domestic Science Club of Murrayville Met**

Mrs. C. T. Daniels was hostess to members of the Domestic Science club Wednesday afternoon at her home in Murrayville. There was an unusually large attendance of members and there were also several guests. The members responded to roll call with "Non-essential things we do that weary us." The program included two very excellent papers, one on "Stepping Stones" by Mrs. J. L. Solomon and the other by Mrs. C. T. Daniels on the theme, "Whose Son Art Thou?"

A social hour and refreshments followed the program. It was announced that the organization will give a St. Valentine's banquet on Tuesday evening, Feb. 15, in the basement of the M. E. church. This promises to be a very enjoyable occasion.

## Deaths

**Plouer.**

The death of John H. Plouer, a long time resident of Jacksonville, took place at 4:35 o'clock Wednesday morning at the home of his son, Frank H. Plouer, 326 South Diamond street. The deceased was seventy-five years of age and the greater part of his life has been spent in this city. He was a shoemaker by trade and was especially proficient in this line of work. A number of years ago he retired from active business life and his illness has continued over an extended period.

Mr. Plouer was a man of strict in tegrity and had the confidence and esteem of those who knew him well. He is survived by his wife; one daughter, Miss Alice Mae Plouer of Philadelphia; one son, Frank H. Plouer of this city; a sister, Mrs. Mary Conklin and one brother, Joseph Plouer, both of Davenport.

The funeral services will be held from the Reynolds mortuary this afternoon at 2:30 o'clock, with services in charge of Rev. W. E. Spoonts. Interment will be in Diamond Grove cemetery.

**THRIFT SALE DATE.**

The thrift sale which members of Rev. James Caldwell chapter, D. A. R., have planned will open in Zahn's H. Z. Auto Inn Friday, Feb. 11.
